Have you checked your deductibles lately?

There have been many changes to health insurance coverage since the implementation of the Affordable Care Act. Many policies have dramatically increased the deductible amounts to keep premium costs low. Depending on your individual policy, you could end up paying for the entire cost of an ambulance ride. ***This could be as much as \$1,300.*** If you are a subscriber, you will not be responsible to pay any amounts beyond what is covered by your health insurance provider.

SUBSCRIPTION AGREEMENT TERMS AND CONDITIONS

This subscription agreement by and between Spencer Rescue Squad and the subscriber shall exempt the subscriber and legal dependents residing in the same household from any out-of-pocket expenses for emergency medical ambulance services provided by Spencer Rescue Squad from the date of payment through June 30, 2015. Spencer Rescue Squad will waive any co-pays or deductibles after billing your insurance provider. If you do not have health insurance, we will waive the entire cost of our services.

Your subscription is tax deductible to the extent allowable by law.
